Over 1,026,000 Names Indexed**

HSGS Web Site. <www.rootsweb.com/~usgenweb/mi/iosco/3501hsgs.htm> is the address for our HSGS's indexes on the Internet. The search engine for this site, or all of Michigan or any of the other Michigan's counties is www.rootsweb.com/~usgenweb/mi/search.htm. We currently have (Dec 31 2005) 845 indexes, 22,976 printed pages, and 1,026,193 names indexed. All these files are on HSGS's master file & the CD we sell, but only 93% are on the web site (does not include new indexes within the last month, draft indexes not yet finished, & a some random data corrections). The status of our master indexes & CD follows:

HSGS's Document Digitizing Project. During the January business meeting this project was introduced to the members and was discussed. It is expected that after additional study the project and needed equipment will be approved during the next HSGS meeting.

The project is in cooperation with the AuSable-Oscoda Historical Society (AOHS) and the Iosco County Historical Society (ICHS), who will allow some of their documents to index (person's names) and digitized,

for HSGS's use. The project expects to start with 62 scrapbooks (see page 6) and 199 issues of the Wurtsmith Air Force Base Officer's Wives Club Magazine called the Warbler (See page 8). To be added later will be the HSGS's Vertical Files, the AOHS's postcard file and photograph file. The basic use will be by HSGS in answering inquires for specific items in these documents that the patron finds on our indexes. In addition the Scrapbooks & Warble issues will be offered to the public on CDs or a flash drive, priced individually or by the complete set.

HSGS solicits your comments on this Project. Following are the items that were offered for consideration of the HSGS officers at our December 2005 meeting, that we wish to hear your comments on. Thank you:

- Suggest we purchase a copier/scanner Epson Perfection 4870 (about \$150). Attach it to the newer patron computer. Also, suggest we purchase Photo Shop Elements software about \$100. Put them on the newer patron computer, and pass word protected.
- Suggest we purchase the Maxtor external hard drive with storage capacity of about 200Gb for storage of the digital files (about \$150). All master files to be in TIFF format. This will store about 30,000 images. To be put on the patron computer for staff use only, and pass word protected.
- We have 199 issues of the Warbler Magazines (WAFB OWC) to copy & index, so the copies can be mailed out to have them indexed (Current owner is the Iosco County Historical Society who does not want use to mail out the original copies). It is estimated there will be 4,458 pages, and at the library at 10 cents a sheet it would cost \$445.80 at the library. It is estimated there will be 69,053 names in the index. I have already copied 10 issues and mailed out for indexing. Currently I have 3 people who are now indexing these. The suggested printer/scanner could be used for this project if we had it.
- We have 62 scrapbooks to digitize & index. Estimated to be 4,526 pages and 12,050 names. My son Al has digitized 8 of these already when visiting a few weeks ago. Most of the other scrapbooks cannot be mailed to him so will need to be done locally. This is a reason to get the scanner and the Photo Shop software. About 20 of these scrapbooks have already been indexed. It is estimated there will be 12,090 names in the index.

Label Makers. HSGS is considering purchasing a label maker, for example the Brother P-Touch QL500 or 550. HSGS has over 2,000 labels on individual books, book holders and files folders such as our correspondence files. These label are needed usually only one at a time. Making labels on our computer using the Avery software and full sheets of die-cut labels is wasteful of both time and labels. Anyone who is familiar with such label makers is encouraged to pass along any tips you may have to HSGS. Thanks.

HSGS Has Authorized \$500.00 for Clerical Assistance. This assistance will be used to:

- File correspondence (been nearly a year since filing has been done).
- Complete the labels on books, boxes on the open shelf.
- Complete the labels on the correspondence file folders.
- Complete the labels on four file cabinet and their contents.
- Scan shelves weekly to be sure all books/boxes are filed correctly.
- Scan the genealogy area weekly and make sure it is kept clean and orderly.

Note. Reading the many genealogy newsletters HSGS gets each month, and adding the information to this newsletter, as is usually done, has been deferred until next month.

HSGS Records ready to be keypunched (We need some new indexers to help index these records, we have over a half million records be indexed): See August Newsletter for the list of files.

HSGS's Jobs List. It is necessary for other HSGS members to step forward and accomplish these jobs. The members currently working in the library are busy serving the patrons research needs, and do not have time left for this work. Note some of these jobs can be done in you home wherever you live, and some can only be done in your home only if you live in the local area, and some need to be done in the library. Contact Mr Sherman if you can help at shermanaj@hotmail.com or 989-739-3650.
